

Due to the continued growth of our company, we are looking to expand in several different areas throughout our business; one of those areas is our drafting department. We are looking for an individual who is interested in growing with our company.

Responsibilities:

- Production of drawings primarily for residential buildings and multiplexes
- Drawings for retail buildings, office buildings, industrial buildings and apartment/condo complexes would be an asset.
- Must have proficient use working with SoftPlan. Some skills in AutoCAD can be transferred for use in Softplan with additional training.
- Complete all drawings required between each design/sales quote
- Creativity and innovation with design
- Ensure all work meets company standards for quality
- Stay current on knowledge of the building code

Requirements:

- Minimum 3 years experience drafting residential blueprints
- Proficient knowledge of the construction process
- Demonstrate time management skills
- High level of integrity and work ethic
- He/she must ensure production of plans and drawings are implemented and comply with current building code specifications
- Ability to prioritize and manage conflicting demands
- Construction background and experience with multi-unit dwellings is an asset

What we offer:

- Competitive Compensation based on experience and qualification
- Benefits Package
- Great team environment
- Profit sharing program
- Opportunity to grow and move up for motivated individuals

Location:

262 Main Street

Niverville, MB
