Residential Sheet Metal Technicians – All levels

At Star Plumbing and Mechanical, our people make the difference. We offer an exciting place to build your career with competitive compensation and benefit packages, company matching RRSP/DPSP program, employee home purchase program and employee discounts.

Job Overview

Reporting to the Supervisor, as a **Residential Sheet Metal Technician**, you will provide services throughout all stages of the building process.

Your day-to-day responsibilities will include:

- Participating in activities at all stages of building lifecycle and ensuring all tasks are completed accurately and efficiently.
- Installing the entire HVAC systems, including sheet metal returns, ducting, furnaces, and HRV's.
- Reviewing and interpreting blueprints, drawings and other specifications to comprehend the project requirements prior to commencing work.
- Measuring and laying out reference points for installation in an accurate manner.
- Verifying and preparing accurate material types and quantities for each project.
- Working safely and complying with the company's Safety Program and safety regulations.

As our ideal candidate, you are...

- A strong communicator; you clearly express your thoughts in conversation and written communication.
- A creative thinker; you identify new ideas, techniques and opportunities to improve performance and productivity.
- A leader; you develop and improve the skills of others through effective coaching and guidance.
- A creative problem solver; you think outside the box for solutions without fear of failure.

Requirements

- **All levels!** Seeking 1st to 4th year apprentices to Journeypersons, including Journeypersons with Project Management Skills.
- High school Diploma, or equivalent.
- Prior experience in installations and repairs in either the commercial or residential construction industry is an asset.
- Valid driver's licence and clean drivers' abstract
- Satisfactory verification of criminal record check.
- Physically able to kneel and crouch as well as lift, carry, push or pull objects weighing up to 50 lbs.

What We Value

- Creating trusting and successful working relationships.
- Setting clear, measurable and achievable goals.
- Cooperating with team members in an open, positive and respectful manner.
- Staying current with technical job skills.
- Taking responsibility for the outcomes of decisions and actions.

Work Conditions

You primarily work on site during regular business hours (Monday to Friday), dispatched from the Star Mechanical location. Work has exposure to noise from equipment/machinery and occupational hazards as well as dealing with inclement weather and dust. Physical work pace and/or exertion brings on a limited amount of physical fatigue. Overtime may occasionally be required.

About Us

Star Plumbing and Mechanical is an independent, wholly owned division of Qualico. The company serves the Winnipeg and surrounding area with premium plumbing and heating installation services. To learn more, click [here](#).

Qualico welcomes applications from people with disabilities. Accommodations are available upon request during the assessment and selection process.
