

Title: Architectural Technologist

Location: Regional Office is located at 3203 93rd Street NW.

At StreetSide, our people make the difference. We offer an exciting place to build your career with competitive compensation and benefit packages, company matching RRSP/DPSP program, employee home purchase program and employee discounts.

Job Overview

Reporting to the Design and Drafting Manager, as the **Architectural Technologist** you will create and review designs and drawings to facilitate the construction of new homes. You also provide technical information and knowledge that supports profitable business decisions.

Your day-to-day responsibilities will include:

- Understanding and ensuring architectural and structural requirements, elements, building codes and by-laws are followed.
- Completing documentation packages, requesting and producing drawings sets and maintaining standard model plan library.
- Applying for development and building permits.
- Preparing and submitting drawings to building consultants for designs/approvals and/or applying for building approvals from the developer's consultant.
- Preparing printed building packages for on-site construction.
- Maintaining project tracking tools and updating team members as needed.

As our ideal candidate, you are...

- Organized; you effectively manage your time while balancing multiple priorities.
- A strong communicator; you clearly express your thoughts in conversation and in written communication.
- An active listener; you seek to understand and listen to others in a non-judgmental way.
- Detail oriented; you focus on detailed accuracy when dealing with a high volume of work.
- A team player; you contribute as a team member and share equally in the exchange of ideas, concepts and process outcomes.

Essential Requirements

- Diploma or certificate in Computer Aided Design (CAD), Architectural Technology, Engineering Design Technology, Construction Engineering Technology or related program of study.
- Minimum 1 year of relevant drafting and design experience in the Residential Construction industry.
- Satisfactory verification of criminal record check.
- Comfortable using office equipment, Microsoft Office Programs (Outlook, Word, Excel, and PowerPoint) and computer aided design software (AutoCAD, SoftPlan, Revit or similar).

What We Value

- Creating trusting and successful working relationships.
- Staying current with technical job skills.
- Cooperating with team members in an open, supportive and respectful manner.
- Setting clear, measurable and achievable goals.
- Taking responsibility for the outcomes of decisions and actions.

Working Conditions

You primarily work in an office setting during regular business hours. Overtime may occasionally be required.
